Architects Benevolent Society

We all need support sometimes

Trustee Recruitment Pack 2025

Who we are

Founded in 1850, Architects Benevolent Society is charity offering confidential advice, support and financial assistance to the architectural community and their families in times of need. We help past and present members of the wider architectural community and their families – from people just starting out in their careers, to those who are now in retirement.

We support:

- Architects
- Architectural Technologists
- Landscape Architects
- Architectural practice employees
- Dependants of any of the above
- Students of architecture, architectural technology, landscape architecture

Our values:

Responsive

We're passionate about helping people. Our flexible approach and dedicated team enables us to provide meaningful and dedicated support – often fast.

Compassionate

We value people and approach every person and situation with empathy, kindness and respect.

Improvement

We are driven to improve the lives of our community by continuing to learn from our collective experiences to grow, evolve and strive to do better.

Community focused

We are approachable and warm. We encourage collaboration and engage with the architectural community.

Inclusive

We are actively inclusive within our objectives as a charity. We have an equitable, welcoming and ethical approach, and value each person's unique life experience.

How we help

When times are tough and things get overwhelming, ABS helps people get back on track. We work with partner organisations including Shelter and Anxiety UK, to provide holistic support with the aim of improving quality of life.

We hope to support people to reach a point where they no longer need our help.

What our Trustees do

Our Trustees are responsible for providing strategic direction and making key decisions which fully reflect our core values and ensure we're delivering on our objectives.

Trustees meet three times a year for Board meetings and are there to respond to ad-hoc strategic matters as and when they arise.

We are currently seeking someone to join our Board of trustees.

Our Trustees are appointed for a three-year term, and can serve a maximum of three terms

Trustees sit on committees aligned to their area of interest or expertise

This is an unpaid role, but we reimburse expenses, for example childcare costs and travel costs so you can attend meetings.

Why our Trustees are so important

Some of the vital things you'll be doing include:

Using your unique skills and experience to help us meet our charitable objectives in the welfare support services we provide

Making sure our charity is fulfilling its mission and purposes for the communities we support

Checking that we are always following the law, as well as our own governing document

Checking that we are always following the guidelines as detailed in the Grant Giving Policy

Ensuring our resources are managed effectively

Ensuring the Welfare Team is adequately resourced and supported

Working in the best interests of ABS and our beneficiaries

Who do we want on our Board?

We are looking for people who can demonstrate the following skills and values:

- A commitment to the charity, its purpose and values
- Strategic vision
- An understanding and acceptance of the legal duties, responsibilities and liabilities of trusteeship
- Effective chairing skills for meetings
- A willingness to devote the required time and effort
- Ability to challenge in a constructive manner
- Ability to work effectively as member of a team
- Ability to interpret and evaluate management information
- An understanding of charity governance

We are committed to having a diverse Board of trustees. We're looking to broaden our reach, welcoming applications from everyone and encouraging applications from people from underrepresented groups, including:

- Living and working in England (outside Greater London), Wales or Northern Ireland
- From an ethnically diverse or marginalised group

At the moment we are particularly interested to hear from people with experience in one or more of the following areas:

- Business development
- Digital systems

How to apply
